Electromagnetic drilling machines

POWERBOR®

Power, Precision and Productivity

Industrial Application Examples:

- **General engineering**
- **Bridge and highway maintenance**
- **Truck and trailer manufacturing**
- **Construction**
- **Mining**
- **Shipbuilding and railroad**
- **Refineries, offshore rigs and pipelines**
- **Lift and elevator repair**
- **Welding**
- **General metal fabrication**

The POWERBOR® range of electromagnetic drilling machines, annular hole cutters, step drills and accessories offers the engineer a totally flexible choice of equipment for quick, efficient and accurate metal cutting either on site or in the workshop.

Hole cutting capacities range from 8mm to 100mm and many features on these quality manufactured machines are included as standard.
